

TARPORLEY PARISH COUNCIL

NEWSLETTER Tel. 01829 733496

APPEAL TO LOCAL LANDOWNERS!

TARPORLEY Parish Council, in conjunction with Tarporley Vics are actively seeking approximately 5 acres of land within the environs of Tarporley Central to develop as a playing field / sports complex.

The working group would consider purchase or long term lease for any suitable land.

This is something we can do today for the youth of tomorrow and the future of our village.

Please help!

If you know of any suitable land that may be available for this worthwhile project, please contact the clerk at parishclerk@tarporley.org.uk

YOUTH CLUB NEEDED

MEMBERS of the Parish Council canvassed the opinions of the students in Year 9 and 10 at the Tarporley High School, to ascertain what facilities the young people in Tarporley wanted to develop.

It was important to hear from them and not assume that we knew what they required. It is vital that our young citizens feel part of the village community and contribute to its development. The information that the students provided focused on a number of important themes; Transport; Entertainment; Sports Facilities and somewhere warm and safe to meet.

The Parish Council is working to develop better transport links for both the young people and for other members of the village community. Transport is the key to developing some of the other ideas from the students.

Improvements in regular transport would allow both young and not so young to access the facilities at the 'Life-Style' Centre in Winsford. There is also the possibility of providing transport to specific events and venues, which would mean other entertainment and sports facilities, would also be more readily available.

In attempting to provide, 'somewhere warm and safe to meet', the Parish Council is looking to find suitable premises where a Youth Club might be established. The intention is not to compete with existing organisations, but to complement what has already been established. It is hoped that the students will form a steering group to be fully involved in the management of such a club and other sporting, social and community developments.

Councillors and other members of the Tarporley Community will be meeting again with the students to discuss the next steps. We are encouraged by the mature attitude of the young people who attend the high school and look forward to some exciting developments, led by the young people themselves.
