PUT YOUR DATE IN THE DIARY

TARPORLEY Parish Council is urging people to put their event in the village diary to avoid duplication.

The council has put the village diary in Swaffields so that organisations arranging the likes of garden parties, fetes, car boot sales and fayres can avoid clashes.

The council says: "We are fast approaching that time of year when the many community organisations in the village will be staging their summer activities.

"Avoid duplication and make sure yours is the only event on that particular day.

"Put the date of your event in the Village Diary so that other organisations arranging an event can avoid that day. This way everyone benefits."
