5	yes	CW6	1	1	proposal!
6				1	Would increase traffic in congested High Street, dangerous access to /
6				1	
6				1	from High St on the bend, access should have been from the by-pass (as
	yes	01:15			Co-op in Tarvin) Have concerns that it will have a major impact on the already
	yes	01:15			overcrowding street and empty shops and empty shop, it will not
	yes	01			encourage people to open shops etc. Really think it will spoil it as a lovely
7		CW6		1	village that it is
7					Dont want Aldi in Tarporley, next Tesco Asda shopping malls. Go live in a
	yes	CW6		1	town or city if you want this and leave county people alone. Its a joke
	·				While a new store in Tarporley would be welcome, the proposed site for
					Aldi is not suitable. It will cause traffic problems and not overcome the
8	yes	CW6		1	parking problems in the High Street
		CMC		4	Tarporley is a village & believe it should remain a village for local
9	yes	CW6		1	businesses to thrive. Do all you can to oppose it. Tarporley is growing and needs additional food retail with the new
10	no	CH3	1		houses being built.
11	yes	CW6	1		Traffic management particularly through the High Street
					I would prefer access off the A49 & stop traffic through the village - Like
12	yes	CW6	1		Tarvin Co-op - that works well. Access via walkway off village.
13	yes	CW6	1		
14	yes	CW6		1	Out of keeping with the atmosphere of the village. In a dangerous location will increase parking problems. Adds no additional amenity.
	700	5.1.5			production with more case partially production and the database at the case.
					This would destroy what we know as our village. Supermarkets belong in
15	yes	CW6		1	towns and cities not our fantastic village.
16	yes	CW6		1	I regularly drive and walk along the high street and do not support such a suggestion due to road safety. The entrance is on a busy stretch of road near two schools and for this reason we oppose the store.
					I am very concerned about the access on to the high street. The
					proposed access could be a step too far and cause chaos on an already
17	yes	CW6		1	difficult situation. This will provide a much needed quality supermarket for people who do
					not have a car or owing to disabilities find bus travel inconvenient. It will
18	no	CW6	1		also provide employment for the area.
					Broadly in favour but am concerned about lorries on an already busy
19	yes	CW6	1		high street. Car parking is a big bonus.
20	no	CH3	1		
21	VAC	CW6		1	As this is supposed to be a designated green space, will all other green spaces be vulnerable.
21	yes	CVVO			Oppose due to the fact ti think it is far too bib and I think access from the
22	yes	CW6		1	high street will make traffic a bigger issue.
23	no	CW6			What is Tarporley going to get besides a shop. Squeeze extras out of Aldi
					We would like an Aldi in Tarporley then we wouldn't have to travel to get our weekly shop. It may ease the parking and keep the traffic off the high
24	yes	CW6	1		street. There will be jobs for people
25	yes	CW6		1	Wrong location. Poor visibility for traffic access/ egress alread y a major traffic hazard with parking on LHS before & after the entrance.
					Not in keeping with landscape/village. We will lose our independent
26 27	yes yes	CW6	1	1	stores. Aldi is near enough in Nantwich/Chester/Northwich/Winsford. Main concern is traffic. Will it improve or hamper traffic in Tarporley.

					I support the proposal in principle but am concerned about the effect of
28	yes	CW6	1		traffic on the street.
29	yes	CW6	1		Very good. Sooner the better.
30	no	CW6	1		Much needed in Tarporley
31	yes	CW6	1		
32	no	CH3	1		
			_		Much thought must be given to design - village scale! Signage - not too
33	yes	CW6	1		obtrusive. Planning gain - traffic lights on Tarporley bypass
34	yes	CW6	1		Parking in the village needs resolving.
35	yes	CW6	1	1	r diking in the village needs resolving.
33	yes	CWO			
36	yes	CW6		1	Strongly against because: 1. It would change rural aspect of village. 2. Create traffic problems. 3. We are already well served by the Co-op and Spar. 4. The site is in the Conservation Area. 5. Would affect existing shops taking business. 6. Entrance in dangerous location - narrow rd, on bend, near primary school.
37	no	CW6		1	1. Very concerned about the traffic flow through the village/high street, which is already congested. 2. This proposal appears to be offering 'convenience' food shopping. The village already has 2 mini supermarkets catering for convenience shopping. 3. The proposed site will occupy an area which the village plan has designated as a protected site. These protected areas are important to maintain the 'character' of the village. This is not a suitable site for a major supermarket chain.
38	no	CW6		1	Great concerns about safety of children coming out of primary school (have son at primary school). Tarporley High Street will have to have double lines to make it safe and nothing will kill off the High Street (post office, butchers, chemist) quicker.
39	yes	CW6		1	Access onto High St not 'safe'. Village already very congested. We need a carpark not a food store. The supposed '50' new jobs created will lose 50 jobs elsewhere. Will not enhance our lovely village in any way. Why not a new medical centre instread of 'Aldi' on the site.
40	yes	CW6		1	Inappropriate site next to church and cemetery and on a bend off narrow road. Will increase congestion on already difficult stretch of road. I fear will adversely affect other shops on High Street. Not sure about Aldi's claim it will not - especially Co-op. Not an appealing visual addition beside a Conservation area.
41	yes	CW6		1	* Outside Village Development Area * Dangerous access point on inside of bend and opp. School entrance * With 100 car parking spaces Aldi expect most shoppers to drive to store * Exacerbate congestion on High St * Scale of devel. Not in character with Tarporley. Visual impact on conservation area and High St generally. * Aldi would not source local products only the cheapest deals.
42	yes	CW6		1	I think Tarporley has sufficient grocery stores with the Coop, Spar and Rose Farm Shop. The traffic in Tarporley is DIABOLICAL and another store will atrract more traffic. The house builders should be supplying extra parking spaces plus assisting with upgrade of facilities like the schools and Health Centre. We are told that house building etc bring extra money from CWAC once schemes are completed. Our roads and pavements are a disgrace. This does not seem to be followed through. If the proposal could be revised with vehicle access off the bypass and car parking at the end of the site nearest to the High Street, taking the building itself further away from the churchard. I would recognide.
43	yes	CW6		1	building itself further away from the churchyard, I would reconsider whether to support.

_	1	1		Т	
44	yes	CW6		1	*Congestion * Community car park tempter too far from High Street. * Lots more people (in cars) coming in from outskirts of Tarporley need longer than 90 mins to make use of other village facilities to stop it becoming a ghost village in some areas. * With British Legion likely to be developed where will mums/dads etc park to collect children - on new Aldi Car Park? Very dangerous crossing road unless zebra crossing or similar installed.
	7				
45	yes	CW6		1	* The wrong location for any sizeable development *Will strip the High Street of all independent food retailers. *'Our' village has a heart - this would rip that heart apart. *Congestion would increase. When I take my 'final journey' to the graveyard, the last thing I want my family to see is the back side of a supermarket; not the most pleasant sight in my experience.
46	yes	CW6		1	The village will not cope with additional traffic. There is a huge risk to our children walking to school (of accidents). The proposed new shop is on a busy bend too close to the Primary School. We want to support small local, family businesses.
47	yes	CW6		1	I think it's a ridiculous idea. There is already congestion on High St nad this would only make it worse. The local shops would suffer as competition on price not quality. More than happy with local shops and to travel to supermarket if need to.
· ·	,	25		-	Tarporley is a village and should remain so - a few hundred extra
48	yes	CW6		1	houses does not equal a town! 2. There are so many empty shops and shops closing/struggling at the moment. There is no evidence that this will help - if anything, it will threaten local businesses.
	,				3, 3, 3
49	yes	CW6		1	What about alternative options like Simply M&S or Waitrose, or even a bigger Co-op. If the scheme does go ahead I'd like it to be a British company. If the scheme does go ahead I'd also like to see more public car parking made available and move it to be adjacent to the High Street.
50	yes	CW6	1		Generally in support but my concern is access particularly for lorries delivering etc. Also customers arriving and leaving will make the High Street very busy. The main benefit is the car parking which the village badly needs but care must be taken not to agree to this just for the car space. Local businesses on the High Street need to be considered and the effect on them.
51	vos	CME		1	We are alarmed at the impact that this development would have on local retailers and the local producers that supply them. We have a dairy processing business that supplies local retailers and prides itself on supplying LOCAL products to LOCAL outlets with minimal food miles.
51	yes	CW6		1	supplying LOCAL products to LOCAL outlets with minimal food miles.
52	yes	CW6			on the fence'. I have mixed feelings about the proposal. I don't want Tarporley to become much bigger and too many houses are being built too quickly. With the village at its present size I am not sure that a new supermarket is necessary. But if there has to be one, I would tend to favour Aldi. Its quality is good and its prices very reasonable. I do use the existing Aldi stores in Crewe and Chester (East) reasonably often and am always satisfied with the purchases. I am in favour of competition, however as I have heard and my view is
					traffic. As you know parking in the high street is an issue, with the
53	no	CW6		1	additional traffic, along with all the developments. Tarporley is now a town not a village.
54	yes	CW6		1	Another change to the High Street which will be another problem. We need another car park to cope with existing traffic before we need more retail premises. ONLY PEOPLE WITH VESTED INTERESTS WILL BENEFIT.

	I			
55	yes	CW6	1	I would not mind a bigger store but do have reservations about the proposed site opposite the primary school. Also how many lorries and cars would be clogging up the high street.
56	yes	CW6	1	Access to site from high street. Current volume of traffic including school buses! What about village plan? Trdition? Look of village? Why Aldi? What about small independent stores?
57	yes	CW6	1	What does the council propose to do about the increased traffic that will result in the high street, ie congestion. My proposal double yellow's all the way up the street. Therefore that will require a larger car park than the one proposed.
58	yes	CW6		Could be a problem with access of high street - location next to churchyard. Public car park at the rear of the store should be at the front - people will not walk into the village from the Community Centre now. Congestion is already a concern with school buses. Not saying it is a bad idea just worried about the access. How often would the delivery lorries be supplying the store - daily - weekly? what time?
59	yes	CW6		Neither support nor oppose at present. * Concerns about direct competition to Spar and Co-op. * Concerns re hazards caused by traffic exiting from site and turning right, where there is restricted visibility.
60	yes	CW6	1	* My main concern is the increase in traffic that will come to the village, its already bad enough with the school rush and various deliveries to other stores. * I'm against the location of it. I think building a supermarket next to the church/gravehard isn't good. * I feel that the majority of people for this will be from outside the village. * Location of the carpark isn't ideal!
61	yes	CW6	1	The building as shown will be in a direct line of sight from our garden and upstairs windows and must therefore prejudice our amenities/value. If it goes ahead it is of paramount importance to minimize the height of the building and to restrict lighting. It will draw more traffic to the village and highlights the importance of residential parking/time limits. I think this will be a good addition to Tarporley, and will add to the sustainability of the village. People who currently live outside the village
62	yes	CW6	1	find it difficult to park and therefore don't use the local shops.
63	yes	CW6	1	I think that the proposed location for the supermarket should be retained as greenfield and I would not therefore be supportive of this development as supermarket (or anything similar). The existing retail facilities in the village are sufficient for the needs of the local community and this proposal would put existing facilities including local independent shops under threat. The proposal is showing development of a nature that is not in keeping with the Neighbourhood Plan which has been developed by the community. I note that a traffic impact assessment is proposed but think the proposal will result in further detimental impact on the amenity of the village.
64	yes	CW6	1	Additional public car parking would be useful but the extra traffic would have to be taken into account with the extra traffic along the high street. would the losing of green fields be detrimental to the village lexpect that the current shops in Tarporley would be greatly impacted which could result in closures How about reducing rent/rates on individual empty shops or the high St to regenerate independant traders.

					It will destroy the feel of the village. It will displace local trade, cause
					traffic problems, spoil the look, change the style of the village. It's not
					about Aldi, its about any development of a supermarket inside the
65	yes	CW6		1	village. (Put it up by the north roundabout?)
					I think that the site chosen will cause massive problems with traffic. The
					entrance proposed is on a very bad bendand there is no chance of
					widening the road there to create a bay for turning into the entrance.
					The traffic on the High Street has already increased with the new
					developments of houses and an Aldi store can only increase that. An Aldi
66	yes	CW6		1	store will inevitably lead to smaller stores shutting.
					* Would kill off individual shops * Too much traffic already * Too near
					primary school entrance * Too near church *Once one supermarket in,
					who else will come to village - McDonalds???!!! * Most people drive, so
67	yes	CW6		1	can drive to Winsford to Aldi * Can do internet shopping
					* Night the good was hove shows it would kill the high street * Too year
					* Not the need, we have shops, it would kill the high street. * Too near
					primary school entrance (Bird Lane) * Too much traffic to already congested High Street. * Too near the church * Greenfield site * It will
68	VAS	CW6		1	lead to Costa/Macdonalds etc * It won't create jobs for locals.
00	yes	CVVO		1	read to costa/macdonalds etc - it world theate jobs for locals.
					* Research for the local plan showed no requirement for a supermarket.
					* High street is known for its local feel and range of independent shops.
					We don't want an identikit high street. * Location suggested is part of
					the conservation area and will have a detrimental impact on the
69	VAC	CW6		1	environment. * Traffic on high streety is a major issue, supermarket will make it worse.
09	yes	CVVO		1	I'm not truly against the proposal. But I think the location is utterly
					ridiculous. The low cost shopping will help some of the less well off who
					have to rely on public transport to shop in Nantwich or Chester. If the
					proposal does go ahead, I do believe Aldi should put more into the
					childrens facilities by the park. le. a small skate park in comparison to the
70	yes	CW6		1	facility at Christleton park.
					1. This supermarket will result in the death of the high street (mixed
					retailing) because small food shops will close. 2. Poor/dangerous access
					to high street (at a bend). 3.Current proposal shows public 24hr parking
					at bottom of site - will lead to anti-social behaviour and fear of isolated
				_	car parking. Better if public parking is next to or near the high street 4.
71	yes			1	Supermarket will lead to even more traffic using the high street.
					(possibly support - depends on entrance). 1. I think that this proposal has
					possibilities. 2. The extra parking would help to address the daily
					congestion in the High Street. 3. The main issue is the entrance into the
					High Street. The bypass ws built in 1986 in order to address 200 HGVs an
73		CINC			hour going through the High Street, with the schools (High, Junior) the
72	yes	CW6	1		entrance CANNOT BE AT THE PROPOSED JUNCTION. We would fully support this development. This can only under him the
					We would fully support this development. This can only under pin the survival of Tarporley and would bring prosperity to other retailers. The
					majority of local residents do not purchase expensive clothing on a daily
					or weekly basis. The opening of this store could encourage more
					traditional village stores, ie. butchers, greengrocers etc. There is
73	no	CW6	1		evidence of this on Chesters outskirts - Hoole etc.
			-		
					Main concerns are 1. Impact on existing local shops especially likes of
					Rose Farm and Hollies and 2. Impact on traffic flows on Tarporley's main
74	no	CW6	1		routes - High Street , Nantwich Road.
	-				It's a brilliant idea for an Aldi to come to Tarporley. I think a lot of people
					who can't get out and don't have a car to go shopping they will have all
75	yes	CW6	1		on their door step.
					I fully support the proposal as this will be a welcomed addition with extra
					car parking being the most important. Extra jobs will be a bonus and far
76	yes	CW6	1		better than more houses.

The creation of a large supermarket in Tarporley is unnecessary and undesirable. It will kill existing established businesses, which themselved blend well into the size and scale and character of village life. It will cause more traffic congestion in a village already clogged with traffic. Those who wish to shop in a large supermarket (Aldi or others) can go to a range of surrounding towns. Would support if the following is agreed: Congestion would be worse thant already is. Primary School on Park Road with children walking to and from. I am a pensioner, residenton the High Street and am concerned I will have nowhere to park on the road. Lorries and						1
will spoil one of the only remaining rural views off the High Street. It will make traffic in the High Street even busier. I think it would be a fantastic idea. We need an Aldi in Tarporley. It will benefit the community rather than taking away. There is nowhere to shop within 10 miles. The car park would be a benefit straight away as more parking spaces is needed. I think the proposed store would benefit the village. Visitors to the store would also support local shops too. Provision of car parking spaces of great advantage. Aldi's own brands would not affect local grocery stores selling branded goods. Good competition! Jobs for locals of great benefit. 13 yes CW6 1 Maybe you could persuade them to gift some land for allotments?? High Street speed limit reduced to 1 side only and 2 hour limit. Provide a bus service from Bunbury through Tarporley to Kelsall. Bring it on. Born and bred in the village, sorry, been a town for many years. 1. Takes the pressure off the allotments and bowling green. 2. Car parking for the church. 3. Compliments what the High Street currently offers. 4. Significant community benefit. The type of development that the village should engage with. 5. Local low skill jobs. 6. Car parking issues addressed as sought by N.Plan. 116 1 Could the car park be large? 	Ī			<u></u>
				The road is already far too busy and access would be crazy where
				planned. Can the village take the number of extra people who would
				come to shop in Tarporley. Would be ok on the outskirts or if there was a
119	yes	CW6	1	way of accessing the site from the bypass.
				The entrance is the most important problem to solve. Mothers with
				prams, pushchairs and accompanying young children will now be at risk
				from traffic coming down the high street and turning right. County
				Council roads and Highway must be consulted on this problem as
				· · · · · · · · · · · · · · · · · · ·
				mothers with prams, pushchairs and small children running loose will be
120	yes	CW6	1	in danger.
				Detrimental to cillage character. No need - other supermarkets within
				the village and easy travelling distance. Location next to church and
				graveyard is insensitive. Will affect local residents during building work
				and during deliveries. Will affect (maybe close down) local businesses.
				Community parking area which is proposed is too far from road .
				Concerned about notice given to residents re - public meeting (some
121	yes	CW6	1	people are probably not aware).
				I support an Aldi in Tarporley however I OPPOSE the proposed location.
		1		The High Street is already heavily congested and unsafe at times. The
		1		high street could not cope with additional vehicles. The car park will not
				be used by villagers unless going to Aldi as the facilities at the legion and
				car park are often free! Access off bypass - pedestrian only via High St,
				like Co-op Tarvin! Note: I am very suspicious of Aldi requesting
				support/opposition from residents from Kelsall, Tarvin etc. Surely to get
422		6146		their numbers up!! Kelsall/Tarvin residents don't care about our High
122	yes	CW6	1	St/traffic.
				Totally unsuitable for a VILLAGE location - Better situated in towns -
				especially as Tarporley is a conservation area. The entrance/exit
				proposed leads onto a very narrow part of the road on a bend. The
				development will encroach onto farmland - the only benefit to the village
				which is being offered is much needed additional car parking. Other than
123	yes	CW6	1	that it has no merit.
120	700	0.10		List te riss no ment
				The site will ultimately be built upon, and a shop would be beneficial on
				many levels. <u>However</u> , giving access from the High Street will make the
				existing volume and flow of traffic MUCH worse. If access was somehow
				to not be via the High Street, it would be a benefit. Parish Council -
124	yes	CW6	1	please step in.
				* Tarporley High St far too busy to accommodate this store. * Why do
]		Kelsall residents have a consultation - is it to make the 30% 'for votes'?
		1		*We do not need a supermarket just to gain a car park!! NO TO ALDI IN
125	yes	CW6	1	THIS VILLAGE!
143	yes	CVVU	1	
				This is a totally inappropriate use of 'green space' within the village
]		curtilage. There are adequate retail facilities currently availale already,
]		both within and nearby the village. The likelihood of increased traffic
		1		issues is almost unthinkable (irrespective of the 'pretence' of creating
		1		community parking spaces. Against the Neighbourhood Plan and the
126	yes	CW6	1	majority of villagers.
		1		Creating a junction, on a BEND, on to a HIGH STREET that can barely
		1		cope with the existing volume of traffic is foolish and dangerous. If there
		1		is need for another store it should be on the outskirts of the village. The
127		CMC	4	
127	yes	CW6	1	village cannot cope with more commercial traffic on the High Street.
				The traffic going through the village at present is quite enough and
]		causes quite a lot of disruption at certain times ie. At school start and
		1		leaving times plus buses and staff cars. With all the proposed new
i		1		houses bringing many more people and cars etc there will be much more
		1		traffic disruption and you will be very lucky to park on High Street.
128	yes	CW6	1	Should be located a bit further out of Tarporley.
	,			is a second and the s

			l		
					To make Aldi viable they will encourage more traffic to Tarporley which
					will increase traffic congestion. The fact that there will be a car park is
					being emphasised but this will be used by cars from outside the village to
					a great extent and will not help local people. It could affect the viability
					of small businesses on the High Street which are used by elderly people
					who do not have cars. A development on the outskirts of the village by Waitrose at The Red Fox is rumoured and this would be sensible
					development with no impact on traffic congestion. A time limit on
129	yes	CW6		1	parking on the High St would help with access to local shops.
123	yes	CVIO		-	Location off high street - poor access - increased traffic. Aldi reps advised
					store viability/business case based on about 15,000 households/users -
					this will massively impact traffic far greater than added to car park
					spaces - Aldi + developer also advised Cheshire West Council are
130	yes	CW6		1	encouraging this site (against Parish/NP Policy).
					Oppose position of proposed store. The proposed site is unsuitable as it
					is on a dangerous bend on the high street and will create even more
					chaos to a congested street. It would be more sensible/acceptable if it
					was sighted on the edge of Tarporley - there are plenty of sites on the
131	yes	CW6		1	edge of town. It would also take custom away from local shops.
					Not opposed to a small supermarket in the right position but this is not a
					good place. Location is poor and access will be dangerous. Design is poor
				_	with little effort to blend in with Tarporley architecture. Worries about
132	yes	CW6		1	traffic,
					Tarporley village cannot cope with the extra influx of cars, traffic,
					delivery lorries. The site is in totally the wrong place - access is opposite
					the primary school! We do not need a supermarket, we have the Co-op,
133	yes	CW6		1	Spar and Rose Farm - Winsford and Chester are not far for a 'big' shop.
	,			_	
					Tarporley is growing too quickly and turning into a town. It should
					remain as a village and be proud of being a rural village. The high street
					and traffic flow desperately needs to be addressed regardless of Aldi
					coming or not. Lights need installing at the bottom of Nantwich Road so
134	yes	CW6		1	school buses can go that way and not up the street.
					I am a resident of Tarporley and was born in the village. However I am
					not opposed to change but I think there is no need for an Aldi, as this can
					be only detrimental to our village. We have 5 empty shops already and
425		61446			endless traffic problems. We need to support the shops we already have.
135	yes	CW6		1	Can we cope with extra traffic?
					1. Would improve parking for out of village shoppers of which I am one.
					2. They are advocating that the Aldi parking spaces could be used by
					people using the village without a necessity to shop in Aldi - they need to
					be held to this as the community space could be taken by people
					working in the village. 3. They are advocating CCTV in <u>all</u> the car parks
					this would be to everyones advantage. 4. Would the car parking be
					available out of trading hours, of the Aldi store? 5. Permission needs to
					be dependent on strict delivery times to avoid congestion in the high
					street. We do not want another debacle like the Co-op delivery scheme.
					6. There is a need to look at the easterly access from the bypass - traffic
136	m -	CVAC	4		lights or a roundabout are well overdue - the school buses should be
136	no	CW6	1		forced to go out that way. The additional traffic flow (private and commercial) will exacerbate the
					already bad situation. Thesite entrance is poorly sited on the bend on the
					high st. It will devastate local businesses and lead to job losses. I can
137	yes	CW6		1	reach any one of 3 Aldi stores within 20 minutes.
20,	, = 3	0.10			. III. I, She of a radiate of maint 20 minutes.

	ı	г г		
138	yes	CW6	1	1. Congestion increase of the High St from 8am-8pm - shoppers only spend 23 minutes on average in store - and 4 deliveries per day on large articulated lorries. Bypass was built to relieve this problem. 2. Impact on local shops will result in closures and job losses. People will shop at Aldi for cheap goods. 3. Neston Hig St has suffered badly as a result of Sainsbury and Aldi. This was supported by Ellesmere Port and Neston as a means to rejuvenate its High Street. Thus having a detrimental effect. 4. The offer by Aldi to withdraw the proposal at 30% of the 3,000 population are against the proposal 'seems' generous. However, does this figure include children and from what area around Tarporley are they drawn? Perhaps this should be based on households. Will the 'ballot' be open to scrutiny? 5. Provision of public car parking seems a very attractive offer. However, should it result in a detrimental impact on the High Street, there will be no going back. 6. Traffic flows used by the developers at te exhibition were, I think for 2011. These have been increased in recent years as residential developments in the village has increased. Is there a more recent Traffic Census?
139	yes	CW6	1	It will destroy the High Street affecting the butchers, bakers and the ethical Co-op. It will encourage significantly more traffic throughan already congested High Street. A dangerous corner where children walk up to school. There are already 3 Aldi's in driving distance, Chester, Winsford, Nantwich. Aldi is not a 1 stop shop so would still need to go elsewhere.
140	yes	CW6	1	Access a concern due to bend on High St at that point + directly opposite Bird Lane and entrance to primary school. Will there be a zebra crossing. In order to have decent viewpoint exiting Aldi, will parking be reduced on High St outside optician, gallery etc? We live in a 'village' - let's keep it a 'village'. I shop at Aldi but would rather travel further to shop in order to preserve our village!
141	yes	CW6	1	Concern - what exactly will they sell, what % of store will sell tings eg. bread/veg/meat. What % will be special buys? What classification will this store be in the Aldi model. This will determine the stock. Concerned about access additional traffic and the affec to village shops already here. Please don't let the car parking spaces be the reason for this going ahead.
142	yes	CW6	1	Totally inappropriate for a village the size of Tarporley, and would only add more traffic to an already congested area. Also, am reliably informed that if Asda, Lidl, Aldi or Morrisons move into an area it has an adverse effect on property price. I prefer to shop locally, or at least in a British owned store where profits stay in the UK.
143	no	CW6	1	Number of vehicles to supply the premises - they state that evening delivery from Aldi distributors will be one lorry? What about fresh produce, milk etc. Thesales area of the Tarporley project is 20% larger than the Nantwich unit - Population differences. Access/exit from the site - corner problem - could be traffic build up turning right into Aldi - build up of traffic through the village - traffic exiting the site turning right. Introduction of traffic lights will create additional traffic problem for catchment area of 4 milles radius - 10,000 population - if the proposed £4 million Aldi is to be sustainable, it will require 30% of the trade to be durable(?)

144	yes	CW6	1	This is a dreadful propposal and will affect the village in a negative way. I am sure it will assist in the closure of existing food shops/outlets. The very essence of the village will be changed and it will become yet another bland town with the whole character changing for the worse. There are enough of these Aldi stores that residents can access without this one. Once started the building area will be expanded and more outlets will 'tag' on to the site and what was a beautiful and rural site will be gone to yet another money grabbing, profit ridden company, there are enough shops within 10 mile radius that people can get to without ruining this village! Perhaps work out how to let the existing 4 empty shops to open and trade.
145	yes	CW6	1	I live on Nantwich Road and am concerned about delivery lorries and volume of traffic going past my house. Volume of traffic will definitely increase. Serious concern about how an already congested High St will cope. Concerned that non-Tarporley residents will be in favour of Aldi because it won't affect their quality of life. My son is in the church yard and I do not want my visits there disturbed by noise and deliveries from Aldi - also how will it affect expansion of church yard?
146	no	CW6	1	I think this development would bring far more disruption to the village than advantages. Seventy more parking spaces for the community would soon be swallowed up by the extra cars the store would bring in. I'm worried too, about disruption during the construction.
147	no	CW6	1	Oppose on the grounds of the impact of this on the village, especially on traffic flow. The additional car park is a very attractive proposition, but it's size is not big enough. I don't think the range of products offered by Aldi justifies a supermarket in the village. I'm conscious however, that young families/people on low incomes would benefit from a discount store.
148	yes	CW6	1	My main concern is the traffic situation - at present it takes no time for a log-jam situation to develop (delivery lorries, school buses etc). A large number of extra vehicles would come in from surrounding villages. There is no room for road widening at the entrance site - I anticipate a nightmare situation - both during construction and afterwards. I am not sure if people coming in to shop at Aldi (from surrounding villages) will then visit the High St shops. It is quite a walk from the proposed community car park.
149	no	CW6	1	Why not site any development at either end of the bypass? More space; easier access from existing roads and thus from those travelling into Tarporley; less additional traffic in already crowded village streets. If the plan goes ahead - explore possibilities for access from Bypass. I can imagine Tarporley ending up as a row of charity chops as has happened in other villages targetted by supermarkets.
150	yes	CW6	1	Proposal would pull trade from existing shops. Car park for community would not be used as too far from High Street. 7 day trading is not necessary. Concerned about additional noise from traffic, air conditioning and delivery vehicles. Proposed development is not in keeping with the rest of the village. Giving a few days notice of a public exhibition and of a 4 hour duration is too restrictive for many people to attend. Many people work on a Monday and some are unlikely to be able to attend.
151	yes	CW6	1	Wrong position in village - next to Church, graveyard, Manor House. Would bring a lot of extra traffic to village - lorries and passing 'shoppers' - traffic would have to use High Street which is already busy. Proposed designs not I keeping with rest of Tarporley. Loss of green area in centre of village. Widening of road at proposed site would 'spoil' the look of village.
152	no	CW6	1	Why does the community car park have to be at the back? Will make the traffic problems worse. More likely to close other shops than help.

		1		I	I have been shounded at Aldi land hafaya thay way a nagylay hyd this site
153	yes	CW6		1	I have been shopping at Aldi long before they were popular but this site is wrong, with regard to the access onto an already congested High Street and opposite a school!
	,				
					Store a reserved yes. In the heart of the village NO! These stores should be on the outskirts by the new developments. Not adjoining the church. Increasing car parking equals increased traffic - the high st isn't coping
154	yes	CW6		1	now.
155	yes	CW6		1	1-4 artic. Deliveries per day plus all the additional traffic generated will make the High St even more chaotic for road users. Also I expect the Coop will have to close with resulting job losses.
100	, 00	0.13		_	Inappropriate for Tarporley. 2. Will take business from current stores.
156	no	CW6		1	3. Will compound traffic problem. 4. Aldi in Nantwich offers low quality products poorly presented. 5. A recent TV programme showed that Aldi presently offer produce past their sell-by-date.
157	yes	CW6		1	Aldi is not in keeping with the other independent shops in the village. Waitrose is more suitable. Other shops Co-op and bakery, butcher will close. Serious Iconcerns about traffic entering and exiting onto High St.
137	yes	CVVO		1	Concerns over additional 5 HGV per day and access issues that would
					cause. + additional customer base. Also effect on other local
					communities. Roughly I imagine the traffic coming from new customers
158	no	CW6		1	would raise cars coming through to 1000 per day.
					Subject to communal car park being nearer the High St and the store
					moved further down. OAPs do not want to walk far! Obviously Aldi wants
159	no	CW6	1		everyone to walk past their store!
					1. Not needed to fulfil villagers shopping needs. 2. would cause increased
					traffic congestion on an already dangerous high street. 3. Would be
					detrimental to existing businesses. 4. Proposed site is supposed to be
160	yes	CW6		1	protected green space.
					A very ill considered project, in very many ways, and not really needed.
					The thought of more large articulated wagons on the crowded streets is
161	yes	CW6		1	appalling.
162	V05	oue.		1	Tarporley doesn't need Aldi, protect green spaces, won't use the store. High Street can't cope with the extra traffic and deliveries
163	yes yes	cw6 cw6		1	Further traffic conjection. Loss of Co-op & Spar possible
164	yes	cw6		1	Will create more traffic problems
165	yes	cw6		1	Traffic
	, 55			_	I disagree with the proposals after seeing the plans etc. re traffic &
166	yes	cw6		1	demise of certain local traders. Not a good move!
					Totally inappropriate for Tarporley. Will hurt all local businesses.will
167	yes	cw6		1	make traffic problems worse
					Wrong location (between 2 bottlenecks) and wrong premise to justify
168	yes	cw6		1	the proposal
		_			I would oppose this development as I think it is innaprporiate for the
169	no	cw6		1	village of tarporley. It is too big and will cause more traffic conjection
170	VCC	CWE		1	It would affect local businesses negatively. I oppose the use of green space. The additional traffic would put a strain on the High Street.
1/0	yes	cw6		1	I strongly oppose the idea of an Aldi store. I think local businesses will
171	yes	cw6		1	suffer. Traffic, which is already an issue, will get worse.
172	yes	cw6		1	No HGV on the high street
	,				Concerned about the impact on existing shops. Very concerned about the
173	yes	cw6		1	entrance/exit because of the traffic already in Tarporley.
					Already have 2 similar shops - Coop & Spar Why build on an empty field
174	yes	cw6		1	when there are empty shops.
					We do not need another supermarket in Tarporley Please do not destroy
175	yes	cw6		1	what is left of our fields & wildlife.
					An Aldi shop would kill the Spar & Coop, also Rose farm. We are a village
476				_	and do not need a large supermarket. The traffic on and off the High
176	yes	cw6		1	Street would be disasterous.
177	VOC	CWE		1	Tarporley doesn't need an additional budget supermarket. Council to
1//	yes	cw6		1	build on car park. We've got Coop and Spar and a butcher, why do we need another
					supermarket? We will have a major traffic issue which is already very bad
178	yes	cw6		1	at the moment.
	,				1

					I would like a pound world because you would be able to get everything
					for a pound. A Aldi would be a usual shop but pound world is an unusual
179	yes	cw6		1	shop and an unusual shop would be quite good. (age 7)
					Food shops on the High Street will be adversely affected. Identified green
					spaces must be protected otherwise the village character will be
180	yes	cw6		1	destroyed.
					Not in keeping with the village High Street. The entrance is on a
101					dangerous bend. The traffic will be awful but probably of little benefit to
181	yes	cw6		1	other shop owners. Totally inappropriate for a vilige setting. The area is already spoilt with
182	yes	cw6		1	the housing developments, in particular the Brook Road development.
102	yes	cwo			Not Suited to style of Village. Rediculous access increasing traffic flow
					down High Street. Does not reflect Georgian Style. Noise, Lighting
					impact. Protected open space. Conservation area. Impact on me
183	yes	cw6		1	personally - will be at the bottom of my garden (6ft).
					I strongly oppose the plan for Aldi just off the High Street. It would be a
					disaster for traffic and on a dangerous corner. The Spar and Coop are
184	yes	cw6		1	quite enough.
					Would mean massive influx of people. Road access point poor - opposite
					Primary School. Will not solve any parking problems. There are already
185	yes	cw6		1	Aldi stores in every nearby town. (Winsford, Chester, Nantwich)Traffic already a problem. Green field site should not be built on.
103	yes	CWO		1	Do we need ity on the High Street? Why not on the outskirts of
					Tarporley. Access being placed on a bad bend already. Will it not de-
186	yes	cw6		1	value house prices?
	·				
					D not agree at all. Tarporley is a village not a town. Goes against the
187	yes	cw6		1	village plan. Tarporley needs more infrastructure, i.e. schools, doctors.
					Extra traffic will be a problem. Access to the High Street will be a
		_			problem. Worry over the effect on other shops in the village. 4 large
188	yes	cw6		1	lorries a day not good on our small roads.
					The high street is already too busy. There is no way it could cope with
189	yes	cw6		1	more traffic, especially at times when the school busses are using the High Street.
103	усз	CWO		1	I know they are providing car parking facilities but a major construction
					like this is not needed. The High Street is already a hazard, conjested and
190	yes	cw6		1	locked at times.
					Could adversely affect other businesses in local village. Will attract too
					much traffic into village. Concern about the construction period and how
191	no	cw6		1	all the lorries and diggers will access the site.
					Wrong location close to primary access & old peoples alms houses.
					Generate traffic until 10pm & delivery lorries. Plenty of aldi's in area will
192	yes	CW6		1	cause redundancies from other shops. Find other way to get 70 space call park, 'monstrosity'.
192	усз	CVVO		1	park, monstrosity.
					Want to see properley quantified estimates of additional vehicle
					movements. Will result in at least on supermarket on high street closing
193	yes	CW6		<u></u>	which is of concern but maybe offset by increased footfall on High Street
					Competition would be goog for High Street but not overwhelming comp.
194	yes	CW6			Rhode Street site would be better.
					Oppose proposed central location. 1) Traffic already problem 2) cut price
					retailer not merit prime location next to St Helen's (C15th) & Grade II
105		CMC			listed Lychgate (C13th)3) should be sited on edge of village but not at
195 196	yes	CW6 CW6	1	1	prominent village entrance.4) Screening not adequate. good idea
190	усэ	CVVO	1		Support as log as not visible from High Street, entrance off by-pass would
197	No	CW6	1		be better as proposed entrance is quite dangerous.
	·-		-		Additional parking essential permission should not be considered
198	No	CH3	1		without the parking.
					Good for jobs, extra parking and more trade for shops.Please park on db
199	yes	CW6	1		yellows and zigzags anyway
					Hope PC supports, more jobs, more parking, more choice, bring
200	yes	CW6	1		customers into Tarp. Need public parking nearer road
201	yes	CW6	1		Aldi quality & value

				Conditional support, huge concerns about traffic, require min 250 free
202	yes	CW6	1	parking spaces, site fundamentally compromised due to traffic load?
203	yes	CW6		Very worried about extra traffic and access otherwise OK
204	yes	CW6	1	golden chance to tackle traffic congestion, need 140 spaces not 70
				if parking & traffic flows address is a 'good thing', will support level of
205	yes	CW6	1	development now and future.
206	yes	CW6	1	Yes bring it on
				Need supermarket like Aldi, only concern delivery truck causing
207	yes	CW6	1	problems like Co-op on High Street.
•••				Make blend in see Knutsford, with 170 spaceds to sort out High Street,
208	No	CW6	1	Tarp service centre for Utkinton
200	NI-	CMC		rural employment welcomed, can local shops support increased
209	No	CW6	1	population? Parking at entrance may be more acceptable.
210	yes	CW6	1	good selection of wines, oatcakes & coffee
211	No	CW6	1	Conditional support, decline footfall & spend of High Street due to lack of car parking, Take all day parking of High Street (often thsoe employed on High Street) if not will lose Co op, off license, post office etc.
242		0146		new houses mean new shops are a must, store like this will keep delivery
212 213	yes	CW6	1	vehicles of High Street.
213	No	CW6	1	very short of parking, still need more off road parking all shops would
214	VAC	CW6	1	benefit.
214	yes	CVVO	1	Support in principle, congestion at peak times eg school times High
				Street impossibly congested, access on bend little visibility need safe
				pedestrain crossing for pedestrains, also adequate car park lighting but
215	No	CW6	1	not obtrusive/24hour. No loud shop sign.
216	No	CW6	1	concerns about High Street & congestion but car park is a bonus
217	No	CW6	1	If it take Aldi to provide adequate parking so be it
				Cure traffic problems now, no full day parking 1-2 hours straight away, ask school buses to come in via by pass and ask school to fill 2 buses
218	No	CW6	1	rather 4 empty ones. shame to lose green space
240		CMC	4	No problem with store, access is an issue, needs dbl yellows, parking
219	yes	CW6	1	meters or residential parking areas. No one wants to walk.
				Partial support outra jobs, shanga proposed access on had hand bring
220	VOS	CW6	1	Partial support, extra jobs, change proposed access on bad bend bring access of bypass. Please have flashing 30mph signs as too much speeding
220	yes	CVVO	1	support at moment, car park more long stay and nearer High Street, Aldi
221	yes	CW6	1	better then other supermarkets as not impinge on Co op or Spar
221	yes	CVVO	-	Aldi espically good idea due to products sold, extra car parking is
				essential, how much impact on local traders, probably not much maybe
222	yes	CW6	1	Co op and Spar affected.
	,		_	Support if move public car park closer to centre be solved by compulsory
				purchase of land, Council shoull have plenty of miney thr. Rates see little
223	yes	CW6	1	spent on village.
	-			support if traffic problems addressed, small supermarket inevitable
				would support on edge of village Time limited parking on High Street
224	yes	CW6	1	irrespective of Aldi, parking on one side of street and enforcement
				support with reservations - in 2 minds, not want any more building of
				any kind in Tarp. Know is unrealistic as plans go is well thought out and
225	yes	CW6	1	sympathetic if goes ahed must be dbl yellow lines on High Street.
				Any supermarket be a benefit. Why Aldi? Highest bidder should get store
226	yes	CW6		and money to Tarp. Charities
				Need competitive supermarket, village ruined already by 5 bed executive
227	yes	CW6	1	houses may as well have positive use of land
				good footfall for village, my business on High Street will benefit. High
228	yes	CW6	1	Street struggling, extra car parking must help.
				modest supermarket good idea, no agree with site due to increased
229	yes	CW6	1	traffic, access community car park should be closer to the front.
				All school buses go out via by-pass & farm tractors shoudl go through
230	yes	CW6	1	village.
224		CMC	,	Bascially in favour as long has High Street traffic is managed (dbl yellow
231	yes	CW6	1	lines).

			·	
				Not needed, size compared to existing, delivery & vehicle movements,
				jobs welcome but jobs will be lost as result, car park to far from other
				buinesses, loss of green open, could result in closure of other shops
				including petrol station if Spar impacted also shops in neighbouring
232	yes	CW6	1	villages. (Detailed Response)
	-			
				Turn High Street to ghost town except few dress shops, people not
				bother to walk from car park, parking problem exaggerated, would not
				'hike' from proposed car park, no need can use existing stores or pop to
				stores further away, will lead to demise of cafes etc who rely on passing
233	yes	CW6	1	trade, congestion and disruption of delivery trucks. (Detailed Response)
				Create a 'traffic hell', prefer supermarket to be more central behind
				Rising Sun with lots of parking to serve new school, new health centre,
				larger store inevitable due to population rise. (Detailed
234	yes	CW6	1	Response)Suggests relief road
				Not needed, loss of green space, size, traffic inc delivery movements,
				people do not use current long stay car parks unlikely to use this one,
				likely closure of othr village stores inc. DIY, create jobs but also result in
235	Yes	CW6	1	job loses.
				adversley effect businesses on High Street and surrounding area, access
				too close to primary access point, too close to Church & Grave yard
				highly sensitive areas of village, increase congestion, also consulation
236	yes	CW6	1	poorluy advertised, closed too early, why not held on a Saturday.
		l
