E-mail:

Dear Mrs Wright,

Thank you for your letter dated 22nd April 2016.

In response to your questions I can confirm the following:

"Firstly, the accuracy of this information, has the Primary School drawn up plans to extend the school onto the former RBL site and if so is this to increase pupil numbers to 1.5 form entry or is it to provide a pre-school on site?"

The school has no plans drawn up but has agreed that an expansion to 1.5 form entry is essential to meet the needs of the children in the village and has expressed a wish to have a full year nursery attached to the school as well.

Secondly please can you confirm whether Tarporley Primary School is identified within the Cheshire West and Chester Council's sufficiency planning and basic needs funding.

Yes, Tarporley CE Primary School has been identified within the CWAC budget for expansion as shared by Ms Sandbach during her election campaign. This has been ratified by Mrs Moore Dutton and CWAC.

I have shared this information with Mr Mills who was appointed as the link Parish Councillor to the school but I would be more than happy to meet with other members of the Parish Council at a mutually convenient time.

Yours Sincerely

Mrs Kerry Forrester
